TABLE OF CONTENTS OF: HANDBOOK OF PHYSICAL GEOGRAPHY, VOLUME XVI
(1951)

(Note: The following lists author's name and title of the 23 geophysical articles making up the book entitled *Handbook of Physical Geography, XVI*, published 1951 in Moscow and Leningrad by the Academy of Sciences Press. It is No. XVI in the series of books issued by the Institute of Geography, Academy of Sciences, USSR. Chief editor is Academician A. A. Braginskii; members of the editorial staff are: Corresponding Member of the Academy of Sciences V. A. Gerselov (also editor); A. I. Boshakov; L. S. Gromov; A. V. Kozlov; Corresponding Member of the Academy of Sciences Ye. M. Lavrenko; L. P. Lysyakov; D. A. Kozlov; A. M. Gerasimov; and A. V. Korotkiy).

1. A. I. Boshakov and I. A. Kozlov, "M. S. Golovov, deceased"	2
2. L. S. Gromov, "The Paleogeographic Significance of V. P. Vil'ямov's Doctrine Concerning the Single Soil-forming Process"	7
3. Ye. M. Lavrenko and L. A. Gerasimov, "The Formation of Dry Soils and Ways to their Possible Transformation"	16
4. L. S. Gromov, "Snow Cover and Field-protecting Forest Planting"	32
5. M. I. Budyko, "Climatic Factors of Ice-age"	41
6. L. P. Lysyakov, "Peculiarities in the Formation of the River Bed in the Lower Parts of Lowland Rivers"	49
7. D. A. Kozlovskiy, "River-bed Processes and Present-day Vertical Movements in the Earth's Crust"	79
8. K. V. Kurdyukov, "Parallelism in the Geologic and Paleogeographic Development of South Fergana and Northwest Punjab in Neogenic-Quaternary Times"	90

9. Ye. N. Lavrenko, "Problems Concerning the Interaction between
Steppe and Forest in the New Stage" 184
10. N. I. Koytshko, "History of the Forests of South Siberia in
the Holocene" 189
11. N. N. Korovin, "The Role of Forests in Steppe Reclamation" 192

Scientific Notes

12. N. V. Fedorova, "Problems Concerning the Propagation of Perovskia and
White Birch (Betula) in Post-Glacial Times in European USSR" 193
13. A. V. Isakov, "Problems Concerning the Growth and Origin of Post
Glacials in the Southern Ural" 195
14. A. I. Nizhenko and A. I. Kozlov, "Characteristics of the Synclines
of the Southeast Margin of the Ural Folded" 198
15. N. N. Karlov, "On the Time and Classification of Glacials in
[The Ural, Ural-Alta, Siberia]" 199
16. V. G. Il'inskiy, "Coastal Banks Formed at Ice-Free and Ice-Free" 196

Chronicles

17. A. G. Baskach, "Participation of Soviet Geographers in works of
the Stalin Plan of Transforming Nature" 193
18. A. M. Formozov, "Practical Outline of the Acclimatization of the
Muskrat in the USSR, and Certain Problems of Geography Connected with
the Outlook for the Raising of Muskrats" 197
19. M. I. Iveronova, "The Arrangement of Works on the Study of Drift and
Sedimentation, in the Tien-Shan Station of the Institute of Geography,
Academy of Sciences USSR" 198
